

Setting Expectations with a Class Pact

Take time before the game to have a class discussion about expectations for the upcoming Drake basketball game. Together, you can create a Class Pact for the game.

Create the Pact by asking students to complete the following sentence and then record their answers below.

In order to treat each other with care and respect so that we can all enjoy the game, we will:

-

Students can sign this Class Pact to show their commitment to the expectations.

Don't forget to review the Class Pact before boarding the bus to the game.
